

JELGAVA SKAITĻOS

2017. gadā

Jelgava
pilsēta izaugsmei!

Dear readers of “Jelgava in figures”

We, inhabitants of Jelgava, altogether create today of our city. I believe that the strength of Jelgava is in ability to set clear aims and to work hard in any given situation. Appealing urban and work environment, organized daily life and kindergartens, schools and social support program – we together are interested to ensure long-term development of our city.

To be able to do everything mentioned, we have to have huge intellectual potential, that's why the education always has been one of our main priorities. We also have to have active interaction between entrepreneurs and science. Creation and use of innovations in business is today's question of survival. It creates new working places in the city and attracts financial investors in private sectors, especially in manufacturing industry that comes with high added value.

For new business projects, which results in new working places, Jelgava city implements Open Door policy. In Jelgava, we have created premises to support successful investor's entry and development of new businesses. Within assessment of international business development experts, taking in consideration 8 criteria, Jelgava is the most perspective city for business in Baltic region.

As the most important projects that have realised in 2017 we have to mention reconstruction of the street cover in the section of Atmodas Street from Dobeles high way till Dambja Street and in the section of Rūpniecības Street from Filozofu Street till Tērvetes Street. Project was realised within the framework of the National Highway Fund Programme. Also the project of street cover reconstruction and further development of the industrial area providing its effective functioning in Rubeņu road and Loka maģistrāle, until the administrative border of the city.

In 2017 we have started important projects – Development of water supply services in Jelgava; 5th part of Jelgava State Gymnasium reconstruction; Jelgava city hospital reconstruction and Pils island infrastructure development for promotion of tourism and health activities, as well as other cross – border projects.

Every day we can see that inhabitants of Jelgava are becoming more confident and are proud to be associated with our city – actively participating in social life,²

expressing their opinion and creating, realizing ideas that give our city new opportunities for the future! This is the force of Jelgava we have to use!

I welcome you to read more about the development of Jelgava in the latest edition of “Jelgava in figures”!

A handwritten signature in black ink, appearing to read 'Raviņš', with a stylized flourish at the end.

Andris Rāviņš

Chairman of Jelgava City Council

About Jelgava

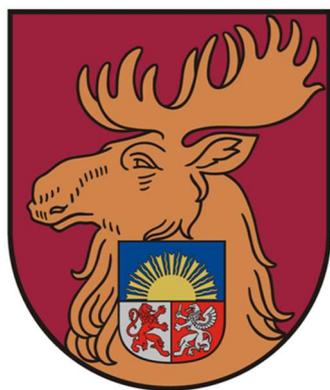

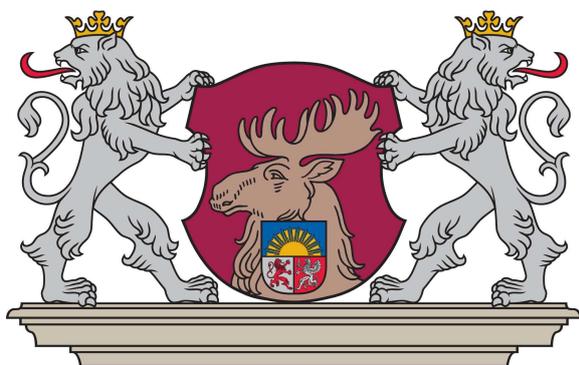

Jelgava is fourth largest city in Latvia by population and fifth by the territory.

The total area is 60,3 km² of which:

- 2,72 km² are covered by water
- 1,62 km² are covered by parks
- 12,64 km² are covered by forests

Distance:

Jelgava - Riga	42 km
Jelgava - Vilnius	295 km
Jelgava - Tallinn	350 km
Jelgava - Moscow	1053 km
Jelgava - Stockholm	482 km
Jelgava - Berlin	1221 km
Jelgava - Vienna	1403 km

Jelgava Large Coat of Arms

As approved by the National Heraldry Committee on the 24th of November, 2016, the Large Coat of Arms of Jelgava depicts two silver lions with heads looking backwards, red tongues and golden crowns, holding shield with Coat of Arms of Jelgava, standing on the silver base.

Coat of Arms

Jelgava is the only city in Latvia that contains the country's small coat of arms within its coat of arms. The city received the coat of arms at the same time as it received city rights, in 1573. The first coat of arms depicted a crowned stag head on a raspberry red field; the current coat of arms contains an elk head on a crimson field.

Flag

The City flag was approved on October 28, 1938. It is divided in two similar parts: dark blue on top and red on bottom. In the center of the flag Jelgava Coat of Arms is placed.

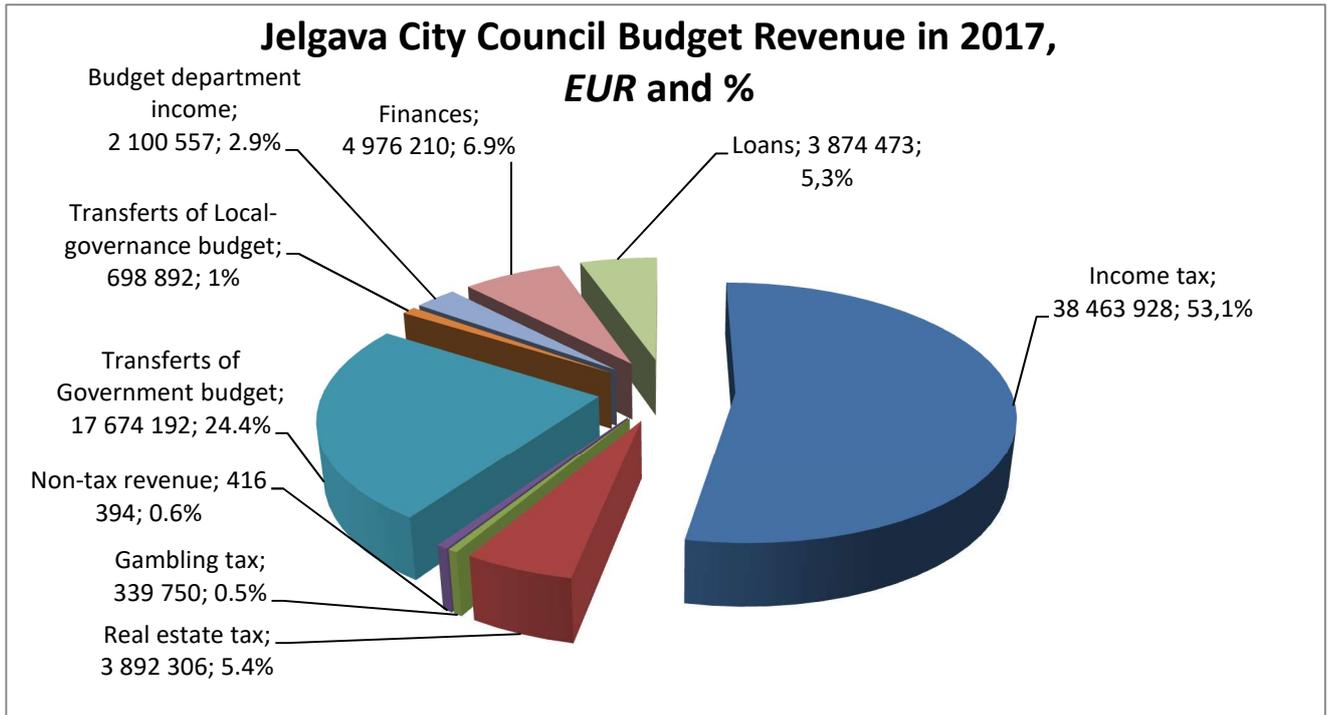

In 2012 Jelgava City logo was approved. The logo is made up of a contour of an elk head and the word “Jelgava”. The large antlers symbolize the rich historical experience and value of the city.

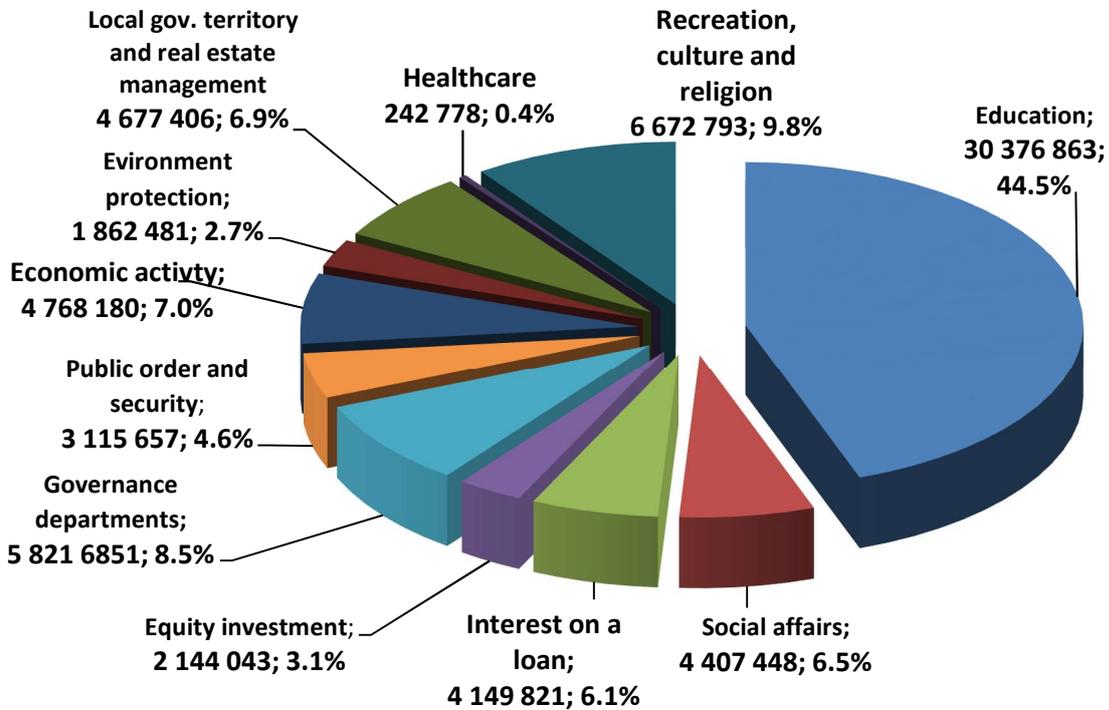

On March 20th 2012 Jelgava city logo and motto were registered in the Patent Office of the Republic of Latvia as the trademark.

We, inhabitants of Jelgava, are growing together with our city, by giving it our special and invaluable contribution. The joint work of inhabitants is the foundation for a better future and beautiful today. People of Jelgava have achieved stable growth and welfare of the city.
